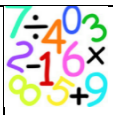
Year 6 Curriculum Newsletter
Term 2 2025 - 2026

As writers we will be writing a discussion text (whereby a text is written as a balanced argument discussing both sides of an argument).



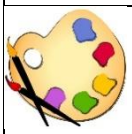
As mathematicians we will be looking at fractions (adding, subtracting, multiplying dividing, equivalents and fractions of amounts) then converting units.

As scientists we will investigate electricity: sources of energy (renewable and non-renewable), circuits (serial and parallel), difference in voltage and how it affects a circuit.

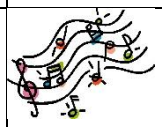
As historians we will learn about the American Civil War: its causes, its long term impact, the main participants and the conflict between the North and the South.

As geographers we will be exploring spatial sense and understanding the way maps are used and projected.

In PSHE we will focus on valuing difference in our lives. We will discuss bullying and tolerance.



As artists we will explore Victorian artists such as John Ruskin and their various styles.



As musicians we will learn about musical ensembles and how to develop our ensemble skills.

As athletes we will be exploring Indoor Athletics and fitness.

As technicians we will understand how to blog and become data detectives.

As theologists we will be studying what do Hindus believe about the cycle of life and death? How does it impact their lives?

As linguists we will be learning about items of clothing: Les Vêtements.

Our class read aloud text is 'Who Let the Gods Out?'

The multiplication and division fact/s we will focus are all of them!
